

GCGNEWS

Our artistic patients!

We have additional skills!

Our practice Team have undergone extensive additional training so that we can provide additional quality services for our patients.

Our registered practice manager **Rhian Turner** has recently undertaken additional practice management qualifications (ILM) to ensure the practice is fully compliant with the changing face of dental practice and the requirements of Health Inspectorate Wales (HIW).

Anmarie Gregory (GDC reg 114569) has also completed her management qualifications (ILM) as her role as Senior DCP has additional legal requirements with the Health Protection Agency.

Anna Jones (GDC reg 193678) has successfully completed her Wales Deanery qualification in Health education and promotion allowing her to provide evidence based Health advice to our patients. Anna accepts appointments to help patients with their dental health questions.

Natalie Rees (GDC 184398)

has completed her fluoride application course with the Wales Deanery providing her with additional extended duties ensuring patients are treated safely and effectively.

We are delighted that both **Emily Clegg and Shannon A'Hearne** have both completed their DCP training and are now fully qualified and registered with the General Dental Council.

Please ensure your details with reception are correct. We need your mobile phone number and e-mail address to allow sms reminders for your appointments, and recalls. With changes in consent we must make sure patients have signed medical history forms. If you have not updated this form please ask reception
